

National Hive Stand Assembly Instructions

1. Lay 2 of the square legs in front of you on a sturdy bench.
2. Nail and glue one of the shorter walls to each leg ensuring it is flush with the top and side, using 2 x1.5" sheradized panel pins per leg, avoiding the pre-drilled holes.
3. Repeat for the opposite side short wall.
4. Nail and glue one of the long walls into the adjacent face of the leg ensuring it is flush with the edges of the short walls and the top of the legs.
5. Repeat for the opposite long wall.
6. Check the stand is square.
7. Screw the black japanned screws into each leg using the pre-drilled holes.
